Beautiful seamless finish. No bulky hinges and hardware.

New Wave™ has less visible hardware than most sliding door systems creating a beautiful streamlined finish.

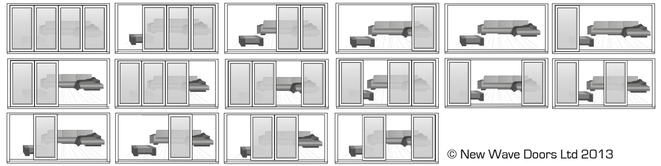
New Wave™ - sleek, contemporary and discrete

***Traditional Bifold** - many visible parts*

More colour options

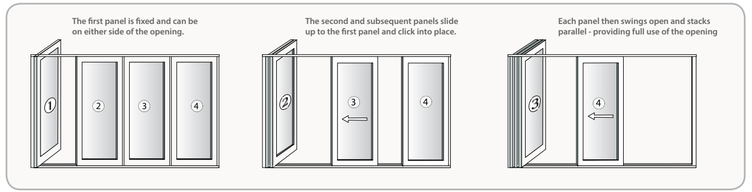
Typical example;

On a 4 pane door, *New Wave™ Doors* can be left open in any one of the following positions... you choose the opening!



© New Wave Doors Ltd 2013

As well as offering the superb features of the New Wave™ door system. The windows of your conservatory can be slid back to create a uniquely open space with unrestricted views from your home. No other system offers this much flexibility and ease of use.



Every *New Wave™* door set has at least one hinged master traffic door, which means that not all of the doors have to be opened making it more suitable for everyday use.
