All shapes and sizes. Every day at Hallmark we manufacture hundreds of doors, panels and bespoke glass and glazing configurations for customers. Whatever your specialised requirements, we can help.

# ARCHED DOORS

- Bespoke Integral Arched Frame Design
- Single Piece Frame Manufacturing - No Joins
- Glass Designs to Match Doors Glass
- Colour Bond Service available on Arched Frames
- WHS Halo Reinforced Outer Frames

# STABLE DOORS

Hallmark composite stable doors are just as at home in a modern property as they are in their traditional country cottage setting. Manufactured from the same core materials as our market leading 44mm Entrance Composite Doors, the stable doors offer the same consistently high level of quality and security that you expect from all Hallmark door products.

**Colour Bond Service**
In addition to the standard colours shown, for a small surcharge our stable doors are available in any specificed RAL colour of choice.

Morgan
Caterham
Austin

COLOUR BOND SERVICE

Hallmark's **ELITE COMPOSITE Collection** of doors are fitted with **WINKHAUS** lock mechanisms as standard. Depending on individual needs, you can choose from the available **lock options shown below.**

# Designed **SECURE**

## WINKHAUS **TRU**-LOCK

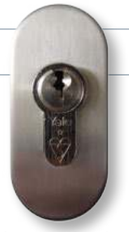
**WINKHAUS TRULOCK** multi-point locking systems are fitted to all Elite Composite doors as standard. Superbly engineered, the Trulock mechanism is approved by the 'Secured by Design' Police initiative. Manufactured to meet the requirements of a modern door design, the Trulock delivers enhanced performance using low friction hook thrust plates for a smooth, precise operation.

Secured by Design
SBD
Official Police Security Initiative

## WINKHAUS **HERITAGE** LOCK

The **WINKHAUS HERITAGE** multi-point locking system has a slam-shut operation whereby the lock hooks will automatically engage once the door is closed. A key is then required to gain entry from the outside.

The key cylinder is positioned 3/4 of the way up the door - similar to traditional period doors. From the outside the lock is key operated with a chrome or gold ring pull plate and from the inside by a thumbturn (or key if used with an internal handle to aid door opening).



## **KEYWIND** LOCK

Used with the S-Series Bar Handles, the keywind lock has the cylinder positioned at midrail height. The lock is operated from the outside with a keywind operation and from the inside with a keywind or thumbturn operation.

## **ENTRY** GUARD

The Lever/Lever Trulock is available with an integral TruGuard bar offering a higher security level compared to a traditional door chain.

## STANDARD DOOR **COLOURS**

Choose from **seven standard colours** catering for most preferences and aesthetic appeal.

BLACK | RED | GREEN | BLUE | WHITE | ROSEWOOD | GOLDEN OAK

## COLOUR **BONDING**

**Got a particular colour in mind?** Enhance your entrance with a choice of vibrant, modern door colours all of which can be supplied with colour matched frames and coloured edge banding.

RAL 9001 CREAM | RAL 1020 OLIVE | RAL 3005 WINE | RAL 4008 VIOLET

RAL 5015 SKY BLUE | RAL 7042 LEAD | RAL 7016 ANTHRACITE | RAL 7035 PLATINUM

RAL 8011 NUT | RAL 1033 YELLOW | DUCK EGG BLUE | CHARTWELL GREEN

## CHOICE OF FRAME **PROFILE**

**Complete the look.** Select from either a Chamfered or Sculptured frame profile to compliment existing windows & doors.

Chamfered

Sculptured

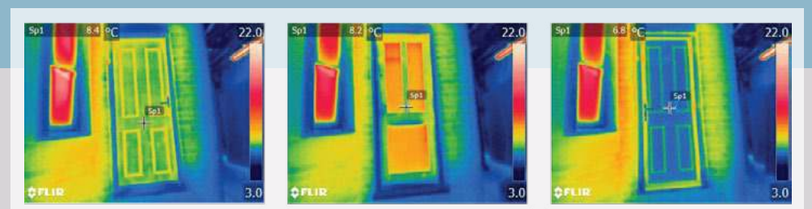
# Traditional **FURNITURE**

*Stainless steel, traditional gold, chrome, white and black hardware is available across our composite door collection including matching letterplates, letters and numbers, contemporary and traditional knockers and door knobs.*

## Ultimate **THERMAL** Efficiency

Thanks to a high performance CFC-free PV foam insulating core, the Hallmark Elite Door Collection helps you keep the warmth in and cold and noise out.

**48mm Solid Timber Core Composite Door** | **44mm Timber Panelled Door** | **Our 44mm Elite Composite Door**



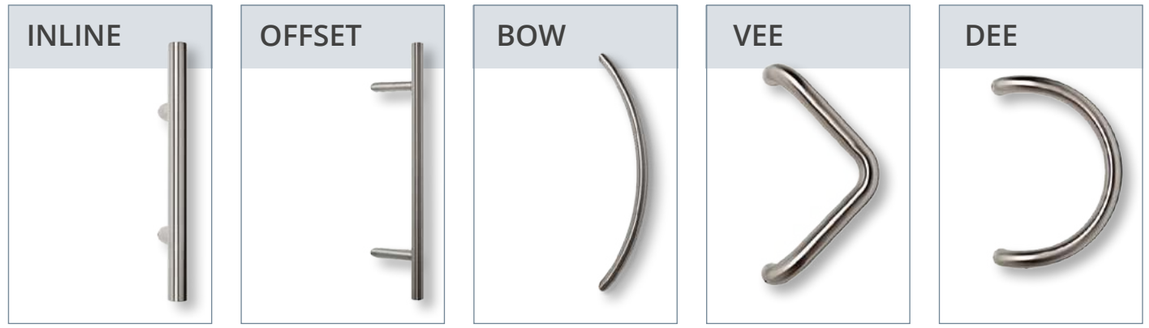
The Elite 44mm composite doors have been tested in comparison with a 48mm solid timber core composite door and a 44mm timber panelled door.

The images above show the thermal efficiency of each door type. Dark blue areas indicate lower heat loss. Red and green indicates higher heat loss.

**Elite Composite Doors are:**
19% more thermally efficient than the 48mm solid timber core composite door.
17% more thermally efficient than the 44mm traditional timber panelled door.

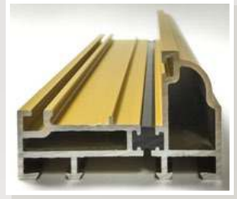
# Contemporary **DESIGN**

In addition to the traditional lever handles shown opposite, **stainless steel bar handles** are also available and designed to enhance the look of the modern home, creating a stunning, contemporary entrance.



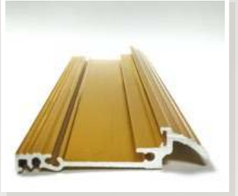
Inline and offset bar handles are available in 400mm, 600mm, 800mm, 1000mm, 1200mm, 1400mm and 1600mm handle heights.

## **THRESHOLD** Options



44mm Aluminium

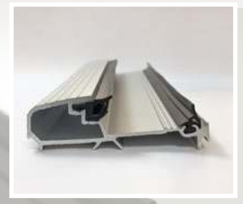
56mm PVCu



15mm Aluminium

As well as the standard, integral frame threshold, there are a number of low threshold options available including low 15mm and 44mm aluminium, low 56mm PVCu frame and MDS Mobility Door Cill options.

Mobility MDS 25



Mobility MDS 80

## **PAS** 24

**The BS PAS 24 Standard** is your assurance that our composite doors have passed a rigourous testing process to certify them as intruder proof.

Secured by Design
SBD
Official Police Security Initiative

PAS 24 is recognised by Secured By Design as a method of testing a doorset assembly to the minimum level of security.
